# | Nutanix® in 30 Seconds

## WHAT DOES NUTANIX DO

Nutanix delivers an Enterprise Cloud Platform that brings public cloud-like simplicity to enterprise datacenters, enabling IT to focus on the applications and services that power their businesses.

Full-stack Infrastructure and Platform Services

One-Click Operations for Cloud-like Automation

Pay-As-You-Grow Consumption for Lower TCO

Application Mobility that Eliminates Technology Lock-in

## WHAT DOES THE NUTANIX ENTERPRISE CLOUD PLATFORM INCLUDE

Nutanix combines compute, storage and virtualization in a hyperconverged platform leveraging industry-leading servers from Nutanix, Dell, Lenovo, Cisco and more. The Enterprise Cloud Platform supports all enterprise applications at any scale, including virtualized applications, bare-metal services and container-based applications.

## WHAT MAKES NUTANIX BETTER

Nutanix melds web-scale engineering from large Internet and cloud companies, such as Google and Amazon, with intuitive consumer-grade design delivering a turnkey infrastructure solution that is predictable to scale, easy to deploy and simple to manage – delivering a significantly lower TCO.
